

MEASURES OF SAFETY

To our Links Family,

As crazy as it seems...all of our lives are changing by the day in some way with the seriousness of the COVID-19. For the health and wellness of our community that has given us so much support over the years, we are committed to taking every precaution to work towards preventing the spread of this virus.

Please know and be reassured that we value and love our community. We will do everything possible to take every additional preventive measure for sanitation that supports the recommendations of the CDC.

These precautionary measures include:

- **We are encouraging everyone to consider call-in orders for curbside pick-up with payments made by phone to limit exposure to others.**
- We have minimized our table seating to provide additional space.
- We no longer offer our self-serve beverage bar. Our staff will assist in pouring all tea, water and creamers, and will offer packaged condiments.
- We have added multiple hand sanitizing stations throughout the café.
- We have added multiple sanitizing times for café tables and other surface areas.
- All front-end staff are now required to wear gloves in addition to our kitchen staff that always wear gloves for food prep.

We thank you for your continued support during this time of uncertainty and caution. This is our commitment to you!

Please let us know if you have any suggestions or concerns through the next few weeks and months.

From your Links Family
